BEFORE THE TENNESSEE STREAM

POLLUTION CONTROL BOARD

SPECIAL ORDER

This matter came on to be heard before the Tennessee Stream Pollution Control Board on the fifteenth day of November, 1968, pursuant to the Notice of Hearing issued by the Board on the eleventh day of October, 1968, and the Board after hearing the complaints and the testimony presented by Mr. J. B. Clark, Engineer with Louisville and Nashville Railroad Company, and the submission by him of a letter from Mr. R. E. Bisha, Vice President-Operations, Louisville and Nashville Railroad Company, and after considering the matter is of the opinion that Louisville and Nashville Railroad Company, Radnor Yards, Nashville, Davidson County, Tennessee, should be required to take action specified in the Notice of Hearing issued on the eleventh day of October, 1968, and

It is, therefore, ordered by the Board that Louisville and Nashville Railroad Company, Nashville, Davidson County, Tennessee, be, and is hereby, required to take the following action:

1. On or prior to March 1, 1969, submit an engineering report outlining corrective works that will be provided to correct the pollution of waters caused by the discharge of industrial wastes from the company.
2. On or prior to April 1, 1969, submit construction plans and specifications for industrial waste treatment and corrective works that will remove the polluttional material including oil and associated products, solids and will provide the necessary pH adjustment. The corrective works will provide the necessary treatment for the company's waste such that the pollution problem will be corrected.
3. On or prior to July 15, 1969, begin the construction of the above corrective works.
4. On or prior to May 15, 1970, complete the above corrective works and place the corrective works in satisfactory operation.

Issued in the office of the Tennessee Stream Pollution Control Board, Nashville, Tennessee, on this second day of December, 1968.
